

ISIT315- Spring 2020- Minor Assignment (Component 1)

Due: August 25, 2020 (by 23:59 pm)

This assignment is worth 7 Marks (7% of the Total)

Complete the following tasks and submit your answers in Word/PDF format via Moodle.

Task 1/2: Write an RDF document for the attached RDF graph (page 2) using the Turtle format. Then validate your document using either of the following links (6 marks).

<https://powcoder.com>

Task 2/2: Generate an RDF (data model) graph of your RDF document (from Task 1). You can use <http://www.ldf.fi/service/rdf-grapher> or any other preferred RDF visualizer (1 mark).

Add WeChat powcoder

Marking:

Your submission will be marked based on its correctness and completeness. Your RDF document must include a correct representation of all of the relationships in the attached data model graph. Each missing (or incorrect) relationship will result in losing 0.25 mark.
